

**RUHIY KASALLIKLARNING INGLIZ ADABIYOTIDA BERILISHI**

**Baxronova Matluba Axmedovna**

Buxoro davlat universitetining Pedagogika instituti,o'qituvchi

<https://doi.org/10.5281/zenodo.6509637>

**ANNOTATSIYA:** Ushbu maqola ingliz badiiy adabiyotida ruhiy kasalliklarning berilishi va ularning tahlili yuzasidan fikr yuritiladi.

**Kalit so'zlar:** roman, psixologik, xarakter, ijod, personaj, ijtimoiy-ma'naviy,ruhiy xastalik,epilepsiya,monomaniya

Har bir millat madaniyatida kasallik nomlarini ifodalovchi qarashlar mavjud bo'lib ular shu xalq dunyoqarashini, dinini, urch-odatlarini, turmush tarzini va tarixini o'zida mujassamlashtiradi. Xususan, o'zbek va ingliz xalqi amaliy nutqida rak,sil,vabo kabi xavfli kasalliklar nomi qadimda tabulashtirilgan,bunga tarixiy sabablar mavjud. Hozirgi kunda ularning davosi topilgan bo'lsada,xalqimiz "yomon xastalik","og'ir dard","yomon kasallik" kabi birikmalarni qo'llash bilan kifoyalanadi.

Kasallik, betoblik, xastalik — organizmga tashqi yoki ichki muhitning zararli omillari ta'sir etganda ro'y beradigan patologik jarayon. Kasallik haqidagi tushuncha tibbiyot tarixida o'zgarib bordi. Kasallikning paydo bo'lishida tashqi muhit omillari yetakchi rol o'ynaydi, chunki ular organizmga bevosita ta'sir etish bilan birga uning ichki xususiyatlarini ham o'zgartira oladi, bu o'zgarishlar nasldan-naslga o'tib, unda kasallikni yuzaga keltirishi mumkin<sup>1</sup>.

Ruhiy kasallik atamasi ostida asab tizimlaridagi buzilishlar oqibatida paydo bo'luvchi, jamiyatda o'rnashib qolgan me'yorlardan keskin chiquvchi hatti-harakatlarga olib keluvchi kasallik tushuniladi.<sup>2</sup>

<sup>1</sup> <https://uz.wikipedia.org/wiki/Kasallik>

<sup>2</sup> [https://uz.wikipedia.org/wiki/Ruhiy\\_kasallik](https://uz.wikipedia.org/wiki/Ruhiy_kasallik)

Amerika adabiyotida ruhiy buzulishlar ko'pincha detektiv asarlarda ,odatda,odam o'ldiruvchi ruhiy xasta (monyak) obrazi ko'p uchraydi.Jumladan amerikalik mashhur hikoyanavis adib Edgar Alan Poning "Berenis" hikoyasida monomaniya kasaliga giriftor bo'lgan Egeus (Egaeus) ismli bemorning ayanchli hayoti tasvirlangan.Hikoya qahramoni Egeus o'qimishli yigit, amakivachchasi Berenis bilan katta,g'amgin qasrda o'sadi. U ruhiy buzilishdan,monomaniyadan(Bir g'oyaga kuchli bog'lanish bilan tavsiflangan ruhiy kasallik ) aziyat chekadi. Bu epilepsiya bilan boshlangan va ko'pincha katalepsiya bilan tugaydigan g'alati kasalligi bor edi (o'liklarga o'xshash statsionar holatga tushadigan holat). Hikoyada bemor qiz quyidagicha tasvirlanadi:

*As time passed, their illnesses were growing. Berenice increasingly physically transmuted, took on a pale, thin and extremely long hair, while those trances Egaeus suffered more frequent and lasting. Egaeus proposes marriage to Berenice, and two are still in a deplorable condition<sup>3</sup>.*

#### Tarjimasi

*Vaqt o'tishi bilan ularning kasalliklari kuchayib borardi. Berenis tobora jismonan o'zgarib bordi, rangpar, ingichka va juda uzun sochlarga ega bo'ldi. Egaeusda esa kasalligi tufayli ruhiy bezovtaliklar,tutqanoq tobora kuchayib borardi,u Berenisga turmush qurishni taklif qiladi va ikkilasining ham sog'ligi ayanchli ahvolda edi.*

U Berenisni go'zal tishlari uchun sevib qoladi va bu tishlarning o'zida bo'lishini xoxlaydi. Shu xayol uni kechayu kunduz bezovtalantiradi,faqat shu xayol bilan yashaydi Ma'lumki,monomaniya kasalligi bir g'oya yoki mavzuga haddan ziyod ishtiyoq alomatlarni qamrab oladi,ko'rindiki,ushbu hikoya hajman kichik bo'lsada, kasallikka xos alomatlar deyarli qamrab olingan va ochib berilgan,to bu asarni o'qimaguncha,uning matni bilan tanishmaguncha hikoyada kasallik alomatlari haqida so'z bormaydi,sezilmaydi,hikoya o'qilgach uning syujetida aynan nomi tilga olinayotgan kasallikning hikoya syujetida tugun ekani ravshanlashadi,shu tugun yechimi

<sup>3</sup> <https://poestories.com/read/berenice>

insonlarni halokatga olib kelgani ochiladi,chunki har qanday xastalik insonlarni fojeaga,o'limga olib kelishi ayni haqiqat.Biroq kasallik har xil bo'ladi:

- 1)Tuzaladigan kasalliklar
- 2)tuzalmaydigan kasalliklar

Ruhiy kasalliklarning aksariyati tuzalmaydigan kasalliklar sirasiga kiradi,chunki tanadagi kasalliklarni odatda davolab bo'ladi,masalan,yara chaqa,ko'richak,ruhiy kasalliklar esa inson psixologiyasi (ko'zga ko'rinnmaydigan holatlari),ruhi bilan bog'liq bo'lgani uchun davolash qiyin kechadi.

"Berenis" hikoyasida yigit ruhiy buzilish holatida,o'zini bilmagan holda, qizni uning go'zal tishlari o'ziniki bo'lishini xoxlagani uchun qiz dafn etilgach uni qabridan kavlab olib tishlarini sug'urib oladi.Bir so'z bilan aytganda ,yigit o'zini kechayu kunduz bezovtalantirgan telbalarcha orzusini ro'yobga chiqarishga muvaffaq bo'ladi,ammo bu uzoqqa cho'zilmaydi,yigitning siri fosh bo'ladi,yigitning siri ochilishiga uning o'zini kasallarga xos tutishi sabab bo'ladi,ya'ni u qizning tishlarini sug'urib olishi uchun ishlatgan tibbiy asboblar qutisi qo'lidan tushib parchalanib ketadi hamda 32 ta oppoq tishlar har tomonga sochilib ketib siri fosh bo'ladi.

Edgar Allan Poning asarlari qorong'u mavzular, zo'ravonlik va psixologik jihatdan beqaror belgilari bilan mashhur.Edgar Alan Poning deyarli barcha hikoyalarida kasalliklar,ayniqsa ruhiyat bilan bog'liq kasalliklar,ruhiy buzilishlarni uchratish mumkin, bunga sabab esa yozuvchining murakkab hayot yo'li deya xulosa qilish mumkin,chunki uning tarjimai holini o'rganganimizda uning onasi va xotini sil kasalligidan vafot etgan bo'lsa, o'zi esa bir necha yillar davomida alkogolizmdan qutulolmagan,natijada umrining oxirida ko'chada behush holda topiladi va kasalxonaga yotqiziladi,bir necha kundan so'ng 40 yoshida sirli ravishda vafot etadi<sup>4</sup>.Jumladan

"yozuvchining" Chaqimchi yurak" va "Qora mushuk" uning eng mashhur ikkita asari bo'lib, ikkalasida ham aqli raso bo'limgan hikoyachilar ishtirok etadi. "Chaqimchi yurak"da hikoyachi o'zi yashayotgan cholni bu odamning ko'zlari bezovta qilgani uchun o'ldiradi. Xuddi shunday, "Qora mushuk"da ham hikoyachi o'z mushukini o'ldirmoqchi bo'ladi, lekin u hayvonni himoya qilmoqchi bo'lganida xotinini o'ldiradi. Majnunlik bu matnlardagi hikoyachilarning umumiyl xususiyatidir. Bu dramatik istehzo, chunki o'quvchilar hikoya qiluvchining aqldan ozgan va aqldan ozganligini bilishadi, lekin u buni bilmaydi.

*It's true! Yes, I have been ill, very ill. But why do you say that I have lost control of my mind, why do you say that I am mad? Can you not see that I have full control of my mind? Is it not clear that I am not mad?....I heard sounds from heaven, and I heard sounds from hell!<sup>5</sup>*

*Bu haqiqat! Ha, men kasal bo'ldim, juda kasalman. Lekin nega aqlimni boshqara olmadim deysiz, nega aqldan ozganman deysiz? Men ongimni to'liq nazorat qila olganimni ko'rmayapsizmi? Men jinni emasligim aniq emasmi?....Jannatdan tovushlar eshitdim, do'zaxdan tovushlar eshitdim!*

Hikoya bosh qahramoni jannat va do'zaxdag'i gaplarni eshitayotgan bo'lsa ham, jinni emasligini o'ziga-o'zi aytmoqda, bu esa uning aqliy sog'lom emasligini isbotlaydi. "Chaqimchi yurak"da hikoyachi o'zi yashayotgan cholni bu odamning ko'zlari bezovta qilgani uchun o'ldiradi. Xuddi shunday, "Qora mushuk"da ham hikoyachi o'z mushukini o'ldirmoqchi bo'ladi, lekin u

hayvonni himoya qilmoqchi bo'lganida xotinini o'ldiradi. Majnunlik bu matnlardagi hikoyachilarining umumiy xususiyatidir.

Demak badiiy adabiyotda kasalliklar,xususan ruhiy xastaliklar yozuvchilar tomonidan mahorat bilan ifodalangan,ayniqsa kasalliklar, ularning simptomlari,bemor belgilari aniq olib berilganligiga guvoh bo'ldik. Baddiy adabiyotda ruhiy xastaliklarni ifodalashning esa turli sabablari ,yozuvchining ruhiy holati,oilaviy va ijtimoiy muhitning ham ta'sirini ko'rishimiz mumkin.

This article describes the image of imaginary diseases in the stories of Edgar Allan Poe and the reasons for writing about diseases. The allegory and symbolism by depicting the Red Death.<sup>6</sup>

The article is devoted to the analysis of the The Magic Hat book, written by popular Uzbek writer Khudoyberdi Tukhtaboyev, from the position of classification elements introduced my famous Russian philosopher, literary critic and scholar Mikhail Mikhailovich Bakhtin. <sup>7</sup>

The depiction of natural landscapes given in works of art is one of the factors that demonstrate the creative artistic skill.<sup>8</sup>

В современной методике так же, как и много лет назад, актуальной и нерешенной до сих пор остается проблема поиска и выбора наиболее эффективных и рациональных
