

## TIL VA INTERNET

**Rustamova Diyora Ulug'bek qizi**

Buxoro davlat universitetining Pedagogika instituti talabasi

<https://doi.org/10.5281/zenodo.6589217>

**ANNOTATSIYA:** Internet bugungi kunda insonlarning juda muhim vositasiga aylangan, internet shunday bir muloqot muhiti, tilni amalga oshirishning alohida bir joyi hisoblanadiki, buning o'tmishda o'xshashi bo'lмаган. Internet muhitida muloqot jarayonida tabiiy tildan foydalanish lingvistik tizimli muhim aloqa tahlilining obyektiga aylanishi kerak.

**Kalit so'zlar:** Internet, til, global tarmoq kommunikatsiyalari, WEBLISH, SMS muloqoti, UNICODE tizimi.

Dunyoda inson zoti yaratilibdiki, bir-biri bilan gaplashadi, so'zlashadi, o'zaro muomalada bo'ladi. Bunda tilning o'rni beqiyos, albatta. Inson til orqali boshqa tirik mavjudotlardan ongi ravishda farq qiladi. Dunyoda tillar juda ham ko'p bo'lib, ammo har bir millat, xalqning, o'z sevimli tili mavjud va ular shu tilda bemalol muloqot qila oladi. Ma'lumotlarga ko'ra, dunyoda 6 mingdan ortiq til mavjud bo'lib, ularning 90 % yo'qolish arafasida. Bu ko'rsatkich asosan kam sonli millat tilida uchraydi.

Internet bu hozirgi zamon talabidagi yagona ommabop kompyuter tarmog'i hisoblanib, bizga barcha sohalarga oid noaniqlik ya`ni ongimizga mavhum bo'lgan tushunchalar haqida ochiq, oddiy va ravon ma'lumot beruvchi axborot manbaidir. Tabiiyki, hozirgi kunda ushbu omilga bo'lgan ehtiyoj kundan kunga oshib bormoqda. Mazkur tarmoq butun dunyo miqyosida global tarmoq hisoblanadi. Internet tili juda murakkab va serqirrali hisoblanadi. Chunki internet tarmoqlarida tilning ya`ni nutqning barcha uslublarga xos materiallar insonlar uchun xizmat qilmoqda. Internetning asosiy vazifasi kommunikativlikdir.

Darhaqiqat, global tarmoq kommunikatsyaning umumiyligi ma`nodagi samarali vositasi bo'lib, u hududiy jihatidan bir-biridan olisda bo'lgan insonlarning muloqot qilishga yordam beradi. Shu bilan bir qatorda internet tili ta'siriga esa vosita ham hisoblanib, unng yordamida ma'lum bir g`oyaviy, tijoriy va siyosiy maqsadlarni amalga oshirish uchun ishontiriladi, dalil

keltiriladi, targ'ib qilinadi. Keyingi o'n yillikda atrofimizdagi olam tubdan o'zgardi. Kompyuterlar va mobil aloqalar insonning kundalik ehtiyojiga aylandi.

Zamonaviy jamiyat globallashuv davriga qadam qo'ydi. Jadal rivojlanib borayotgan axborot-kommunikatsiya texnologiyalari zamonaviy kommunikatsiya madaniyatini asosiy shakllantiruvchi vosita sifatida internet orqali muloqotga o'rganuvchi tilshunos-lingvistlar e'tiborini tortmoqda. XX asrning oxirida ingliz tilshunoslida hatto maxsus – computer-mediated communication (kompyuterli-kommunikatsiya) atamasi paydo bo'ldi. Ingliz neologizmida "netizen" so'zi "Internet" so'zidan kelib chiqib, "citezen" ya`ni ba`zan kun-u tun doimiy bo'sh vaqtini mazkur tarmoqqa bag`ishlaydigan "Internet mamlakatining doimiy aholisi" ma`nosini anglatadi. Lingistik innovatsiyalar orasida ko'plab abbreviatura va qisqartma so'zlar mavjud. Hozirgi davrda tarmoqning faol foydalanuvchilari uchun ingliz tilining WEBLISH shakli yuzaga kelgan. Bunday o'zgarishlar SMS-muloqotda ham keng qo'llanilmoqda. Qisqartma sozlar o'zbek tilini ham chetlab o'tmadi. O'zbek tilidagi SMS-qisqartmalar variantlaridan ayrimlarini quyida ko'rib chiqish mumkin:

- Un,u-n,u/n= uchun
- Ln Bn, b-n,b/n= bilan
- = Lekin
- Kk= Kerak
- Bb= Bo'lib
- Db= Deb
- H= Ha
- Yo= Yo'q
- 'W' esa – Sh – harfining o'rniga qo'llaniladi.
- /belgisi "-lar" – qo'shimchasining o'rniga qo'llaniladi.
- = belgisi "ning" – qo'shimchasining o'rniga qo'llaniladi.
- "9" raqami 'ya' – harfining o'rniga qo'llaniladi.
- '6' raqami "o" – harfining o'rnida qo'llaniladi.

Taniqli Britaniya tilshunos olimi Devid Kristal o'zining Internet va tilning o'zaro ta'siri muammolariga bag`ishlangan ilmiy tadqiqotda til to'g'risidagi "Twenty-first century English"

asarida o'qituvchilar tilni ilgarigi va hozirgi holatini o'rganish imkoniyatigaega ekanliklarini ta'kidlaydi. Shuningdek, o'qituvchilar kelajakda mazkur tildagi o'zgarishlar asosida gap tuzilishini ham o'rganishi shart. Ushbu jarayonning ayrim jihatlari ijobiy deb hisoblansa, boshqa tomonlari tashvishga soladi. Punktuatsiya va imlo qoidalariga amal qilmay, noodatiy qisqartmalardan foydalанилиши hamda ularning og`zaki nutqqa o'tib borishi ota-onalar va pedagoglarni o'sib kelayotgan avlod savodxonligiga keskin ta'sir etishi mumkinligi bilan tashvishlantirmoqda. Istalgan chet tili (mazkur holatda - ingliz tili) o'qituvchilari ham bu muammolarning turli qirralari albatta inobatga olinadi, axir bizning ham o'smirlarimiz haqiqiy olamda bo'lgani kabi virtual olamda ham muloqotda bo'lishlari, bilim olishlari va ishlashlariga to'g'ri keladi. Mamlakatimiz mentaliteti, urf-odat va an'analarimiz bolalar ta'lif-tarbiyasida hamda shakllanayotgan shaxslari haqiqiy voqelikka tolerant munosabatda bo'lishlari bilan bunday muammolarning to'g'ri hal etilishiga imkon beradi deb ishonch bilan ayta olamiz. Virtual olamdagи sotsiolingvistik jarayonlarning haqiqiy hayotdagi insonlar muloqotiga ta'siri o'rganishni talab etadigan tilshunoslik muammosi sifatida dolzarblik kasb etmoqda. Elektron kommunikatsiya vositalar tilini hozirgi paytda tilning funksional turi deb hisoblash mumkin. Birinchidan, ushbu til osti tilining qo'llanilish sohasi kommunikatsiyaning boshqa sohalaridan aniq chegaralangan, chunki u texnik elektron vositalar yordamida amalga oshiriladi va doimo ular vositasida ifodalanadi. Ikkinchidan, ushbu til osti tili o'ziga xos kommunikativ maqsadlarni qondirishga xizmat qiladi. Uchinchidan, ushbu til osti tili multimediyaviy janr va shakllarining yangi tizimining yuzaga kelishiga turtki beradi. Tilning asosiy funksiyasi nafaqat axborot yetkazish va undan mustaqil ravishda mavjud bolgan voqe'likka nisbatan tavsif berishdangina iborat emas, balki shaxsning o'ziga xos o'rganish va faoliyat sohasida mo'ljal olishga ko'maklashishdan iboratligi ayon bo'ldi, ya'ni til ko'proq yo'naltiruvchi xulq tizimi sifatida ko'rib chiqila boshlandi. Ushbu yo'nalishning asosiy maqsadi tilning Internetda qo'llanilishining ta'riflash va tushuntirilishidan iborat bo'lishi lozim. Bunda insonning tarmoqdagi muloqotning ijtimoiy-madaniy jihatlariga jalb etilganligi sharoitlarda turli omillarning ta'siri mavjudligini inobatga olish kerak.

Xulosa qilib aytganda, agar Internet funksiyalari haqidagi ta'limotga tayangan holda tasavvur qlishga harakat qilsak unda tilning an'anaviy ravishda ajratilib ko'rsatildigan funksiyalari global tarmoqning funksiyalarini ham g'oyatda aniq tavsiflashi ayon boladi.

Dunyo miqyosida sun'iy intellektlar yaratish asosida tabiiy tillarni matematik modellashtirish yotar ekan, matematik modellashtirish natijalari sun'iy intelektning faoliyat dasturini yaratishga asos bo'lib, kompyuter til (yozuv)ini qabul qilishi shart. O'zbek tili amaldagi alifbo va imlo qoidalari bilan internet tili darajasiga ko'tarilgani yo'q. Ma'lumki, amaldagi alifboda 4 ta harf, ya'ni: o', g', ch, sh ni yozish kompyuter klaviaturasida ma'lum tugmalar orqali amalga oshiriladi. Bu esa o'zbek tilining internet tili sifatidagi faoliyatiga salbiy ta'sir ko'rsatadi. UNICODE tizimida bu grafik shakli mavjud bo'limganligi sababli, dasturlashda so'z tarkibida qo'llangan bitta harfning shakli matnidagi so'zlarni bo'lib yuboradi, tavsiya etilayotgan alifbo ushbu muammolarni bartaraf etadi.

Ушбу мақолада ўқув луғатларининг умумий луғатлардан нафақат ҳажми, балки ундаги сўзларнинг танланиш мезонлари, луғат қисмларининг таркиби, жойлашуви – мегаструктураси билан ҳам фарқланиши, синоним ўқув луғатлар луғат мақоласи таркибидаги лексикографик пометалар (турли қисқартмалар, белгилар)га кам ўрин берилганлиги муҳокама қилинади.<sup>1</sup>

This article is dedicated to the research of Adjusted meanings of Moral-spiritual concept defining units in the Uzbek language. And also analyzed the semantic analysis of grammatical shape lexemes of specialized meaning and provide a corresponding recommendation for lexicographical practice in the Uzbek language is one of the actual challenges of linguistics as today's challenge.<sup>2</sup>

The article considers the correlation of the real facts and imagination in “Tamburlaine the Great” by Christopher Marlowe.<sup>14</sup>

This article discusses an attitude to women in the past and the interpretation of the image of women in the works of some writers.<sup>15</sup>

В современном обществе все более возрастает роль иностранных языков. Знание иностранного языка дает молодежи возможность приобщиться к мировой культуре, использовать в своей деятельности потенциал обширных ресурсов глобальной сети Интернет, а также работать с информационными и коммуникационными технологиями и мультимедийными средствами обучения.<sup>16</sup>

This article deals with the heroes of the novel “Between Two Doors”, one of the most popular works of modern Uzbek literature. There is a comprehensive analysis of the female image. A special place in the work of Utkir Khashimov is occupied by the novel “Between Two Doors”. The writer is concerned not only with the pressing social issues of today, but with eternal moral problems. In particular, by calling “Between Two Doors”, the writer means the path of person, which he walked from birth to death.<sup>17</sup>

Har bir millat madaniyatida kasallik nomlarini ifodalovchi qarashlar mavjud bo'lib ular shu xalq dunyoqarashini, dinini, urf-odatlarini, turmush tarzini va tarixini o'zida mujassamlashtiradi. Xususan, o'zbek va ingliz xalqi amaliy nutqida rak, sil, vabo kabi xavfli kasalliklar nomi qadimda tabulashtirilgan, bunga tarixiy sabablar mavjud. Hozirgi kunda ularning davosi topilgan bo'lsada, xalqimiz “yomon xastalik”, “og'ir dard”, “yomon kasallik” kabi birikmalarni qo'llash bilan kifoyalanadi.<sup>18</sup>
